Driver Project (Geography)

Misty Mountain, Winding River

What is this about?

In our project about mountains and rivers, children in Oak Class will learn about the characteristics and features of rivers and mountain ranges around the world, including a detailed exploration of the ecosystems and processes that shape them and the land around them.

Why is this relevant to us?

Our local area has a number of rivers and special local landmarks such as Cheddar Gorge and Wookey Hole which have been carved out of the landscape over long periods of time. There are also areas of Somerset which are prone to flooding and so the children will learn about causes and preventable measures.

Enrichment Possibilities

Class Visit to Cheddar Gorge.

Latin

Y2: Present Tense Verbs
KS2: Adjectives & Agreement
