

Barwick and Stoford Primary School – Phonics Progression Document

Below is an example of where a child ‘depending on age and ability’ will be at in their phonics progression.

Phonics Progression

Each of the 44 phonemes in the English language has corresponding letters to represent them.

Phoneme = sound.

Grapheme = letter(s) that represent a sound.

At Barwick and Stoford, we teach children to convert a letter or group of letters into sounds that can be blended together to make a word. To teach phonics, we follow the ‘Read Write Inc’ phonics scheme.

The flashcards to accompany ‘Read Write Inc’ are an extremely useful tool when doing phonics activities with your child. These can be purchased from many bookstores and online.

We aim to enable your child to;

- Learn to recognise the 44 sounds and their corresponding letter(s).
- Learn to read words using sound blending.
- Learn to write the letter(s) which represent the 44 sounds.
- Learn to write words by saying the sounds.

The sounds are arranged into 3 sets, known as ‘Speed Sounds’.

You will notice that some sounds are made using single letters, others comprise 2 or more letters. When introducing children to a sound,

emphasise, that where the sound has multiple letters, we still only say just one sound. 2 letters but makes one sound. 3 letters but makes one sound.

At Barwick and Stoford we are aware that children progress at different rates and groupings will be dependent on termly RWI assessments. Some children will need to revisit the sound set they are working at for further consolidation and can be placed in the same group after assessing.

RWI Home Reading Books

Children will bring home a RWI book linked closely to the sounds that they have been learning at school each week. This is called the **Phonics Reading Book** and is designed to develop fluency and accuracy of reading.

We hope this explains the ways in which we are teaching your child phonics and gives you ideas of ways in which you can support your child.
